Dear <agent>,

I would like to submit for your consideration *The Agency Delta*, a suspense novel set in metropolitan Phoenix in the year 2022.

When Dr. Ramesh Kapoor is urged away from his reclusive life by an old friend, he finds himself at the center of a decade-long war between two of the most powerful individuals in the world. As he becomes fully entrenched in the battle, Ramesh learns that his most personal tragedies – including the deaths of his wife and children – are indirect results of the power struggle. In an effort to save the last important person in his life, he reluctantly accepts an errand that will take him halfway around the world to end the conflict and ultimately to change the face of the twenty-first century.

The underlying theme of *The Agency Delta* is accountability and ethics in an ever accelerating world of technology and capitalism. It is a faced-paced novel in which the reader is lead through the discovery process at the same time as its characters.

I have been writing fiction as a hobby for nearly twenty years while earning a living as a professional software developer. I have published three professional software development books in the past five years and am now seeking to venture into novel writing.

The completed 72,000 word manuscript is available upon request. A SASE is included for your convenience. Thank you for your time. I look forward to hearing from you soon.

Sincerely,

Blake Schwendiman
